Key Features of this CISSP Training:

- **Earn CISSP certification — exam voucher included with course tuition**
- Official (ISC)²[®] course materials with a preferred (ISC)²[®] training partner
- Access to hundreds of exam prep questions
- Official (ISC)²[®] Guide to the CISSP[®] CBK[®] included with tuition
- After-course instructor coaching benefit included

You Will Learn How To:

- Strategically focus your preparation for CISSP Certification
- Protect resources using access control methods and cryptography
- Plan a secure environment aligned with organizational objectives, compliance requirements, and industry-standard architectures
- Develop operational security and continuity through preventive and recovery mechanisms

Important CISSP Certification Training Course Information

• **CISSP Certification Training Course Description**

4thdacad's CISSP training course includes 29 hours of Instructor-Led Training (ILT) or Virtual Instructor-Led Training (VILT) presented by a real-world CISSP expert. You will acquire the skills and knowledge needed to pass the CISSP certification.

• **Requirements**

- CISSP candidates must meet specific requirements, as established by (ISC)² — see: <https://www.isc2.org/cissp/default.aspx>
- Those without the required experience can take the exam to become an [Associate of \(ISC\)²](#) while working toward the experience needed for full certification

• **Lab Bundle Available**

- Reinforce your skills while practicing the CISSP exam objectives with CYBRScore Lab Bundles. **[View the Systems Security Professional Essentials Lab Bundle >](#)**

• **Exam Information**

Computer Adaptive Testing Length - up to 3 hours to complete 100-150 multiple choice and advanced innovative questions
Passing Score of 700 out of 1000

• **Industry Credits & Certification:**

• **Earn (ISC)² CPEs**

As one of only 12 (ISC)² CPE Submitters worldwide, 4thdacad can submit courses on your behalf to

(ISC)² for CPE credit. (ISC)² members can earn **Group A credits** for attending any of our cybersecurity courses, and **Group B General Education credits** for any other 4thdacad course they attend.

- **After-Course Computing Sandbox**

You'll be given remote access to a preconfigured virtual machine for you to redo your hands-on exercises, develop/test new code, and experiment with the same software used in your course.

CISSP Certification FAQs

- **Do I get a CISSP study guide?**

Yes. Your course tuition includes the current Official (ISC)²® Guide to the CISSP® CBK®.

- **How much does the CISSP exam cost?**

The standard cost of the CISSP exam is \$699 USD, but a voucher for the exam is included in the price of course tuition.

- **How can I maintain my CISSP certification?**

CISSPs are required by (ISC)² to earn 120 Continuing Professional Education (CPE) credits every three years

- **Do you offer CISSP online training?**

Yes! We know your busy work schedule may prevent you from getting to one of our classrooms which is why we offer convenient online training to meet your needs wherever you want.

- **How do I get credit for my CompTIA CEUs?**

Log into your CompTIA account and submit your CEUs through their continuing education portals.
